

STRIPPER(S) IN PUBS – MY EXPERIENCE OF (2)

The second experience I will mention was when I was a bit older – maybe 25. I used to frequent a wine bar at the top of town called Toppers, that got very busy with young people most nights. It was the trendiest place in town and the ‘regular’ barmaids were young and very attractive.

But one Friday night when I went in, they had 2 different barmaids from usual. Again, very attractive – but these were topless. I had a few drinks as usual, enjoying it more than usual.

And for about the last 40 minutes of the evening, these 2 barmaids got naked. Naturally I stayed till chucking out time.
